Stylist Photo Cropping & Sizing

A guide to cropping and sizing your Stylist photo
for your Stylist Portal

www.carlislecollection.com

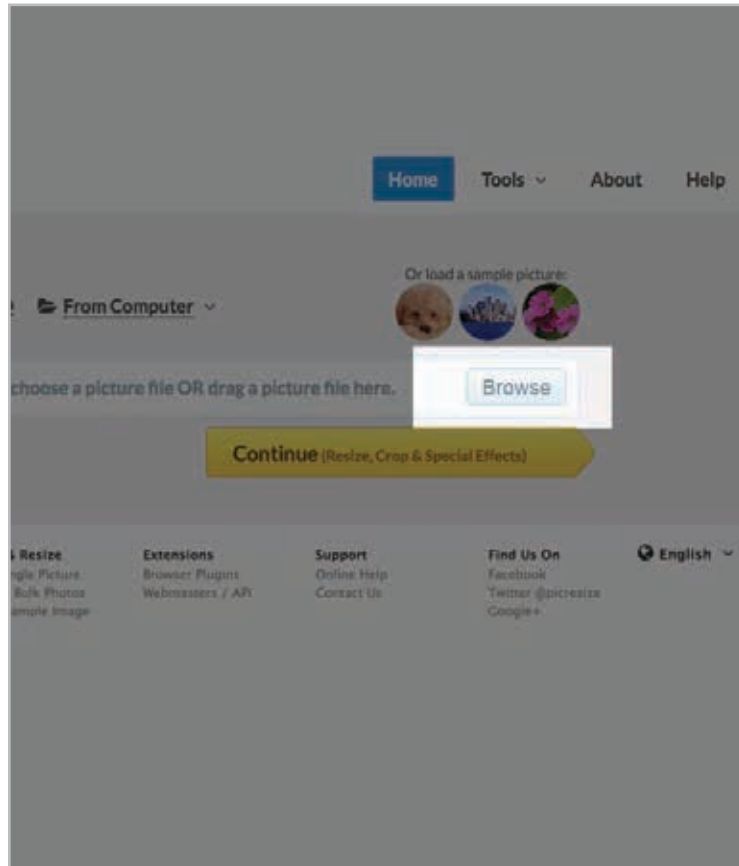

Step 1: Go to www.picresize.com

Open your web browser and go to the website <http://www.picresize.com>.

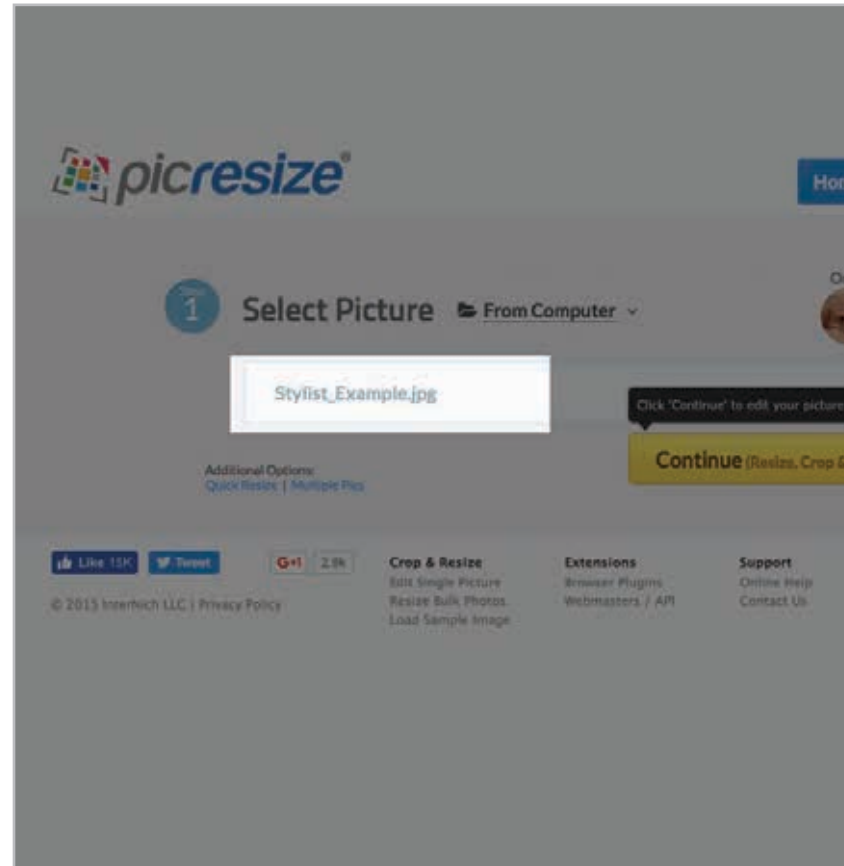

Step 2: Upload your photo.

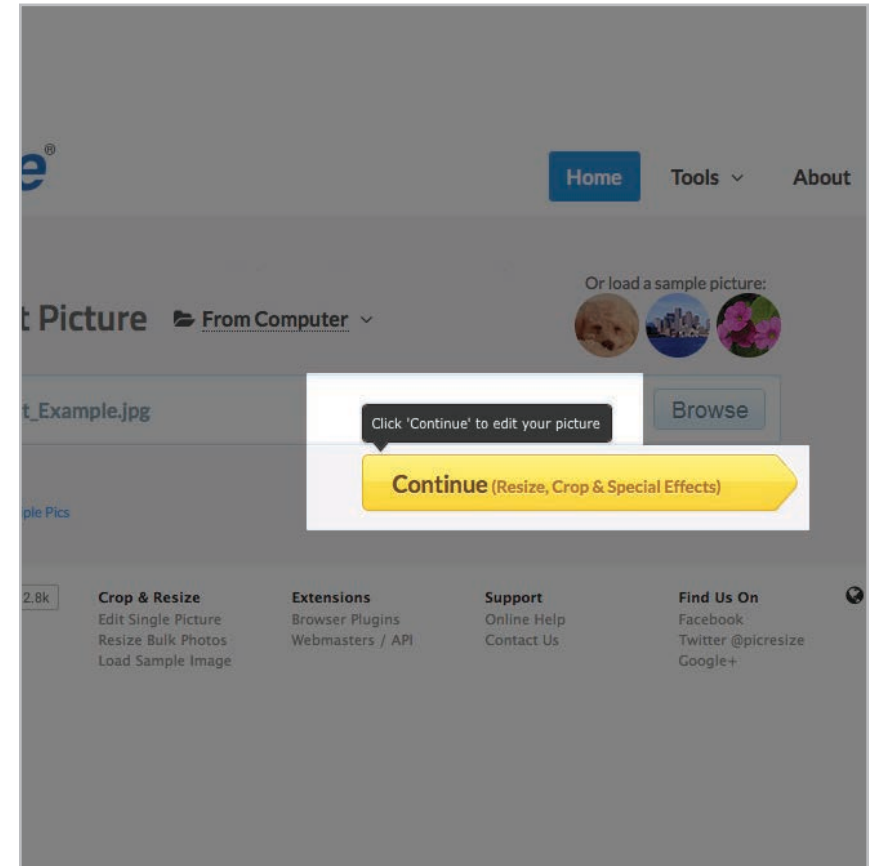

1. Click the “Browse” button in the image field and locate the image you want to resize on your computer.

2. Once you selected your image, you will see the name of the file appear next to the “Browse” button.

3. Click the “Continue” button to move to the next step.

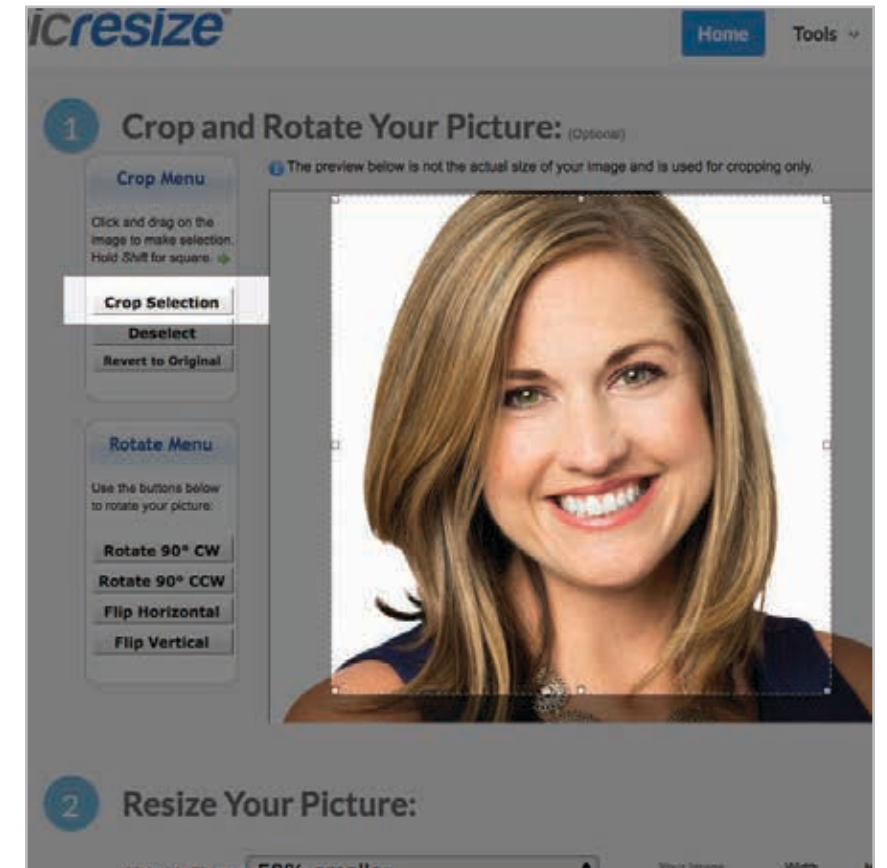

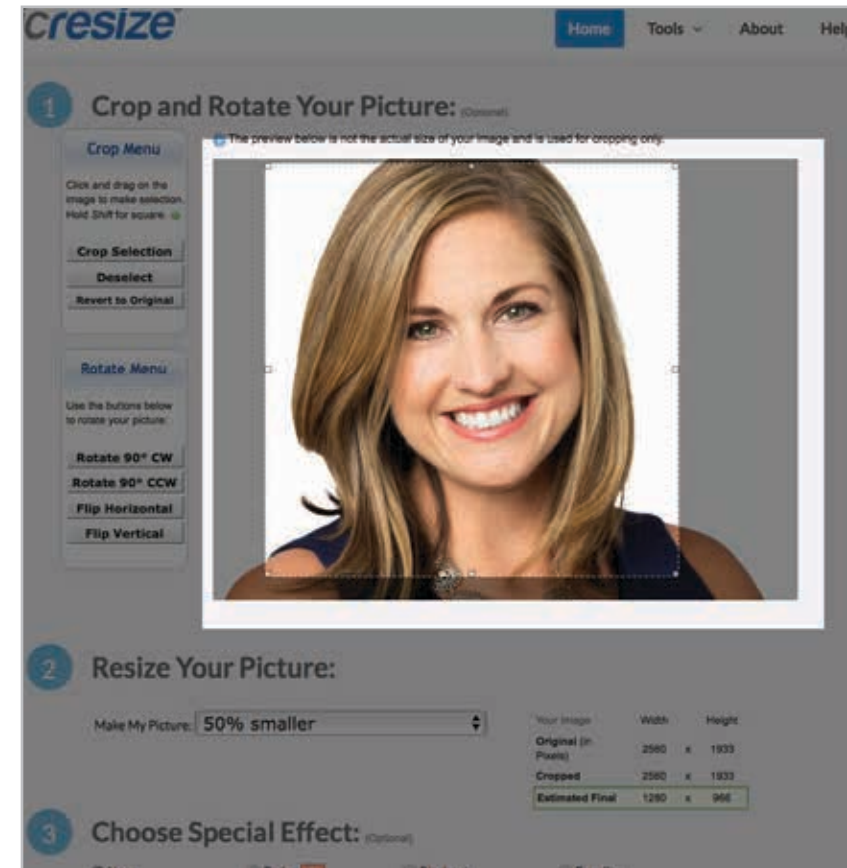

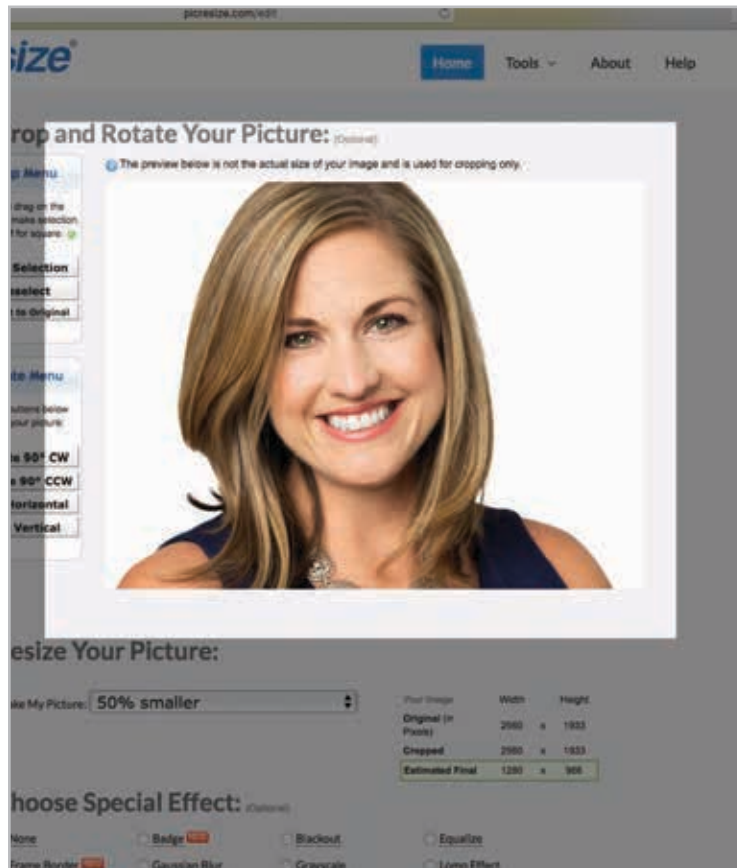

Step 3 : Cropping your photo

You will now see your photo on the screen.

1. Drag your cursor over the image and hold the “Shift” button on your keyboard at the same time, this will allow you to draw a proportional square over the image. This is how your image will be cropped.

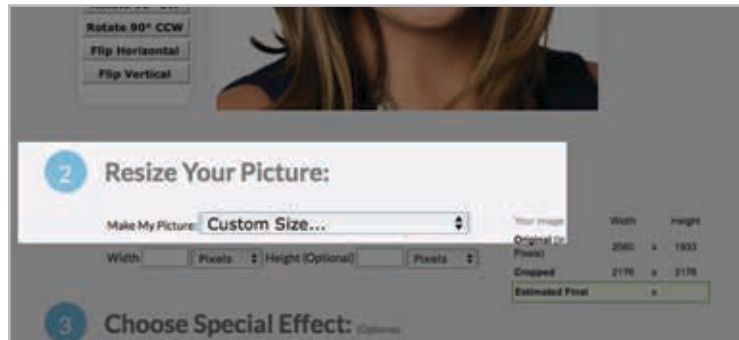

2. Once you got your box for the cropping where you want it click the “Crop Selection” button on the left side.

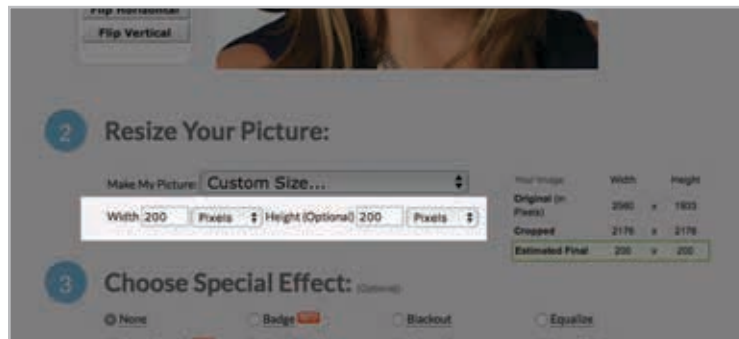

Step 4 : Sizing settings

Now that your image is cropped and square, you will need to set a few settings and you're done.

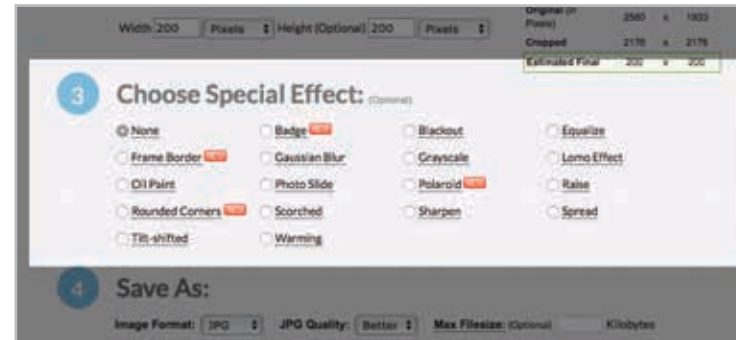

1. Under the "Resize Your Picture" select "Custom Size" in the drop down menu.

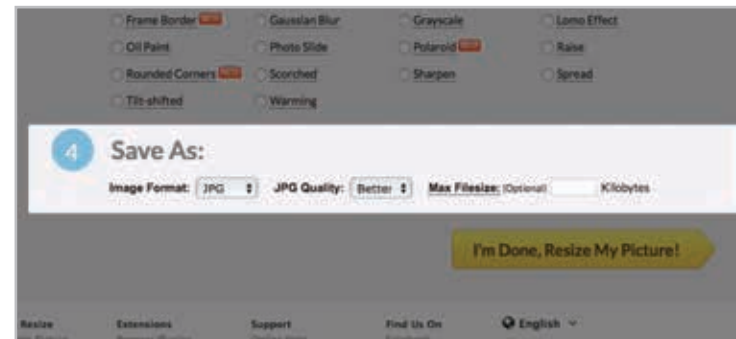

2. Enter "200" for the "Width" and "Height" below the drop down menu.

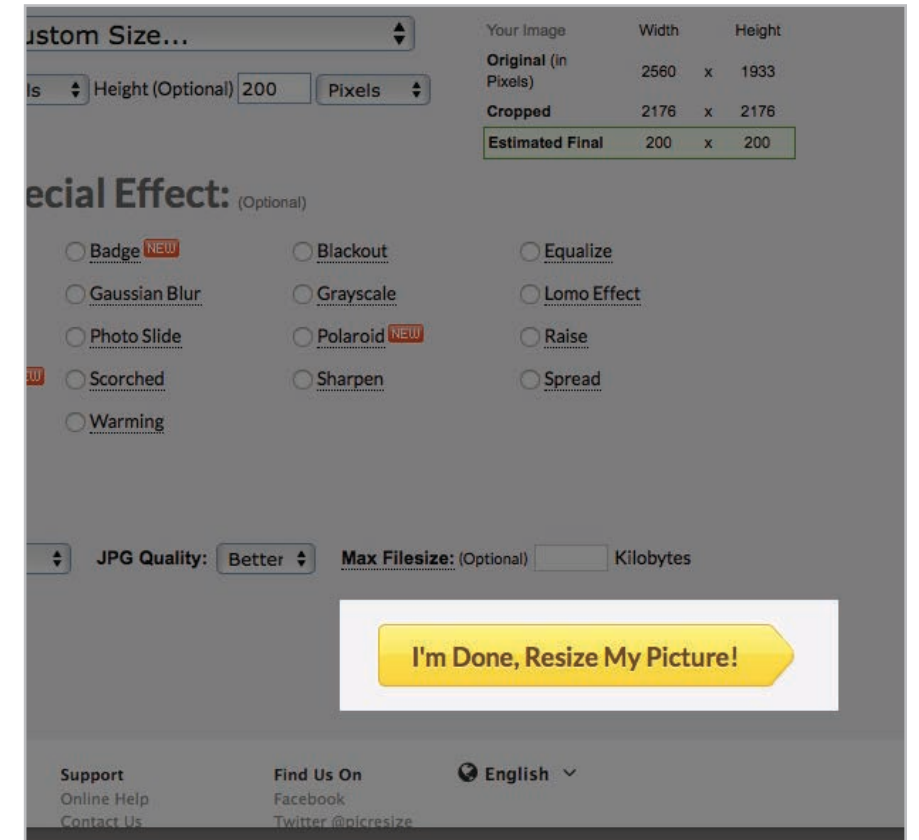

3. Ignore this section.

4. Under "Save As" you just want to make sure this is set to "JPG".

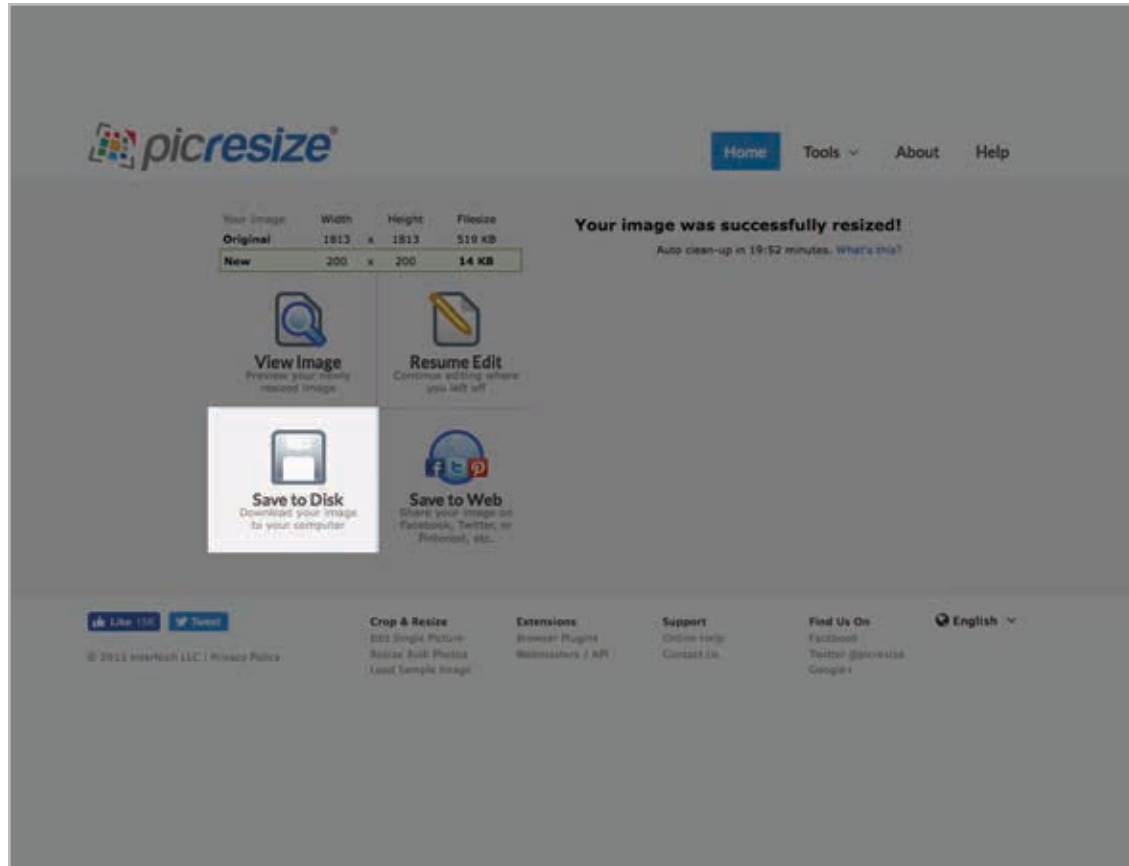

5. When ready click the "I'm Done, Resize My Picture!"

Step 5 : Save your image.

Now your image is resized. Click the “Save to Disk” option and save to your “Desktop” so you can easily find when uploading to your Stylist Portal.
